

Alessandro DE BORTOLLI, 2010

The Arenberg Prize had a profound meaning for me, especially because of the time of my life in which it happened to me. I have indeed just moved my life permanently to Norway where I aim to give continuity to my Erasmus experience and my thesis work. The Award that I have received today is an important confirmation that I am on the right track and this provides me comfortable support for my recent demanding choices of life.

I thank the Prince Léopold and the whole Coimbra Group for having given me the possibility to compete with other exchange students and for the appreciation shown for my work. I am committed to pay back Your trust by becoming a life-long ambassador for the Erasmus programme."
